Education

Pranveer Singh Institute of Technology
B.Tech in Computer Science

Sep 2023 – Aug 2027
C.G.P.A: 7.6

- Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Software Engineering

Experience

Infosys Springboard – Full-Stack Intern

- Working on **FARMXChain**: AI-driven agricultural traceability system.
- Tech stack: React, SQL, MERN.
- Modules: role-based portals, product metadata, QR provenance, AI quality screening, supply-chain tracking, customer verification.
- Collaborated in a team environment with agile practices, contributing to backend API design and frontend integration.

InterPe Platform – Frontend Development Intern

- Optimized React.js web pages with Tailwind CSS, reducing load time by 20%.
- Built responsive UIs and collaborated with backend developers for API integrations.
- Improved dynamic form handling, increasing user engagement by 15%.

Projects

FARMXChain – Full-Stack Application

- AI-driven agricultural traceability with QR-based provenance.
- Implemented 6 modules: authentication, metadata, QR scan, AI QA, supply-chain tracking, verification portal.
- Designed APIs and databases ensuring scalability and secure access.

HireSpark Web Application

- Full-stack resume builder with PDF export and MongoDB persistence.
- State management using Redux Toolkit; frontend in React + Tailwind CSS.
- Deployed application for public use with responsive and mobile-friendly UI.

Online Book Review API

- RESTful API in Node.js + Express.js with MySQL and Sequelize ORM.
- Implemented CRUD operations, secure authentication, and role-based access.
- Ensured clean code architecture with MVC design pattern.

Technical Skills

Languages: C/C++, JavaScript, Java, Solidity

Frameworks/Libraries: React.js, Next.js, Node.js, Express.js, Redux

Databases: MongoDB, PostgreSQL, SQL

Tools/DevOps: Docker, Git, GitHub Actions, Linux

Soft Skills: Team Collaboration, Problem Solving, Time Management, Communication

Certifications

NPTEL: Programming in Java , Operating System

Coursera: IBM Full Stack Developer
